Group", "the company", "we" or "us") - take the protection of your personal data seriously and inform you at this point about data protection in our company.

The EU General Data Protection Regulation (Regulation (EU) 2016/679; hereinafter: "GDPR") obliges us, within the scope of our responsibility under data protection law, to protect personal data of the person affected by a processing (we also address you as a data subject hereinafter with "customer", "user", "you", "you" or "data subject").

Insofar as we decide either alone or jointly with others on the purposes and means of data processing, this includes above all the obligation to inform you transparently about the nature, scope, purpose, duration and legal basis of the processing (Art. 13 and 14 GDPR). With this information (hereinafter: "privacy policy"), we inform you about the way in which your personal data is processed by us.

Our privacy has a modular structure. It consists of a general part for all processing of personal data and processing situations that come into play each time a website is called up (A. A. General

(1) Definitions

Following the example of Art. 4 GDPR, this privacy policy is based on the following definitions:

- "Personal data" (Art. 4 No. 1 GDPR) means any information relating to an identified or identifiable natural person ("data subject"). A person is identifiable if he or she can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, an online identifier, location data or by means of information regarding his or her physical, physiological, genetic, mental, economic, cultural or social identity characteristics. The identifiability can also be given by means of a linkage of such information or other additional knowledge. The origin, form or embodiment of the information is irrelevant (photographs, video or audio recordings may also contain personal data).
- "Processing" (Art. 4 No. 2 GDPR) means any operation which involves the handling of personal data, whether or not by automated (i.e. technology-based) means. This includes, in particular, the collection (i.e. acquisition), recording, organisation, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment, combination, restriction, erasure or destruction of personal data, as well as the change of a purpose or intended purpose on which a data processing was originally based.
- "Controller" (Art. 4 No. 7 GDPR) means the natural or legal person, public authority, agency or other body which alone or jointly with others determines the purposes and means of the processing of personal data.
- "Third party" (Art. 4 No. 10 GDPR) means any natural or legal person, public authority, agency or other body other than the data subject, the controller, the processor and the persons who, under the direct authority of the controller or processor, are authorised to process the personal data; this also includes other group-affiliated legal entities.
- "Processor" (Art. 4 No. 8 GDPR) is a natural or legal person, authority, institution or other body that processes personal data on behalf of the controller, in particular in accordance with the controller's instructions (e.g. IT service provider). In the sense of data protection law, a processor is in particular not a third party.
- "Consent" (Art. 4 No. 11 GDPR) of the data subject means any freely given, specific, informed and unambiguous indication of his or her wishes in the form of a statement or other unambiguous affirmative act by which the data subject signifies his or her agreement to the processing of personal data relating to him or her.

(4) Legal basis for data processing

In principle, any processing of personal data is prohibited by law and only permitted if the data processing falls under one of the following justifications:

- Art. 6 (1) p. 1 lit. a GDPR ("consent"): if the data subject has voluntarily, in an informed manner and unambiguously indicated by a statement or other unambiguous affirmative action that he or she consents to the processing of personal data relating to him or her for one or more specific purposes;
- Art. 6 (1) p. 1 lit. b GDPR: If the processing is necessary for the performance of a contract to which the data subject is party or for the performance of pre-contractual measures taken at the data subject's request;
- Art. 6 (1) S. 1 lit. c GDPR: If the processing is necessary for compliance with a legal obligation to which the controller is subject (e.g. a legal obligation to keep records);
- Art. 6 (1) S. 1 lit. d GDPR: If the processing is necessary to protect the vital interests of the data subject or another natural person;
- Art. 6 (1) S. 1 lit. e GDPR: If the processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller; or
- Art. 6 (1) S. 1 lit. f GDPR ("Legitimate Interests"): if the processing is necessary to protect the legitimate (in particular legal or economic) interests of the controller or a third party, unless the conflicting interests or rights of the data subject override (in particular if the data subject is a minor).

For the processing operations we carry out, we indicate below the applicable legal basis in each case. A processing operation may also be based on several legal bases.

(5) Data erasure and storage period

For each processing operation we carry out, we indicate below how long the data will be stored by us and when it will be erased or blocked. If no explicit storage period is specified below, your personal data will be deleted or blocked as soon as the purpose or legal basis for the storage no longer applies. In principle, your data will only be stored on our servers in Germany, subject to any transfer that may take place in accordance with the regulations in A.(7) and A.(8).

However, storage may take place beyond the specified time in the event of a (threatened) legal dispute with you or other legal proceedings or if storage is provided for by statutory regulations to which we are subject as the responsible party (e.g. § 257 HGB, § 147 AO). If the storage period prescribed by the legal regulations expires, the personal data will be blocked or deleted unless further storage by us is necessary and there is a legal basis for this.

(6) Data security

We use appropriate technical and organisational security measures to protect your data against accidental or intentional manipulation, partial or complete loss, destruction or against unauthorised access by third parties (e.g. TLS encryption for our website), taking into account the state of the art, the implementation costs and the nature, scope, context and purpose of the processing, as well as the existing risks of a data breach (including its probability and impact) for the data subject. Our security measures are continuously improved in line with technological developments.

We will be happy to provide you with more detailed information on request. Please contact our data protection officer (see under A.(3)).

(7) Cooperation with processors

As with any larger company, we use external domestic and foreign service providers to process our business transactions (e.g. for IT, logistics, telecommunications, accommodation, sales and marketing). These service providers only act on our instructions and are contractually obliged to comply with data protection regulations in accordance with Article 28 of the Data Protection Regulation or - if applicable - on the basis of standard contractual clauses.

If personal data from you is passed on by us to our subsidiaries or is passed on to us by our subsidiaries (e.g. for advertising purposes), this is done on the basis of existing order processing relationships or joint responsibilities. You can find an overview of our subsidiaries at <https://www.kit-group.org/de/offices/>.

(8) Conditions for the transfer of personal data to third countries

In the course of our business relationships, your personal data may be transferred or disclosed to third party companies. These may also be located outside the European Economic Area (EEA), i.e., in third countries. Such processing will only take place to fulfil contractual and business obligations and to maintain your business relationship with us. We will inform you about the respective details of the transfer in the relevant places below.

The European Commission certifies data protection comparable to the EEA standard in some third countries by means of so-called adequacy decisions (a list of these countries and a copy of the adequacy decisions can be found here: https://commission.europa.eu/law/law-topic/data-protection/international-dimension-data-protection/adequacy-decisions_en). However, in other third countries to which personal data may be transferred, there may not be a consistently high level of data protection due to a lack of legal provisions. If this is the case, we ensure that data protection is sufficiently guaranteed. This is possible through binding company regulations, standard contractual clauses of the European Commission for the protection of personal data, certificates or recognised

codes of conduct. Please contact our data protection officer (see under A.(3)) if you would like more information on this.

(9) No automated decision making (including profiling)

We do not intend to use any personal data collected from you for any automated decision-making process (including profiling).

(10) No obligation to provide personal data

We do not make the conclusion of contracts with us dependent on you providing us with personal data beforehand. As a customer, you are not under any legal or contractual obligation to provide us with your personal data; however, we may only be able to provide certain services to a limited extent or not at all if you do not provide the necessary data. If this should exceptionally be the case in the context of the products we offer presented below, you will be informed of this separately.

(11) Legal obligation to transmit certain data

We may, under certain circumstances, be subject to a specific legal or statutory obligation to provide lawfully processed personal data to third parties, in particular public bodies (Art. 6 (1) lit. c GDPR).

(12) Your rights

You can assert your rights as a data subject regarding your processed personal data at any time by contacting us using the contact details provided at the beginning of A.(2). As a data subject, you have the right

- to request information about your data processed by us in accordance with Art. 15 GDPR. In particular, you can request information about the processing purposes, the category of data, the categories of recipients to whom your data has been or will be disclosed, the planned storage period, the existence of a right to rectification, erasure, restriction of processing or objection, the existence of a right of complaint, the origin of your data if it has not been collected by us, as well as the existence of automated decision-making including profiling and, if applicable, meaningful information about its details;
- in accordance with Art. 16 GDPR, to demand the correction of incorrect data or the completion of your data stored by us without delay;
- in accordance with Art. 17 GDPR, to request the deletion of your data stored by us, unless the processing is necessary for the exercise of the right to freedom of expression and information, for compliance with a legal obligation, for reasons of public interest or for the assertion, exercise or defence of legal claims;
- in accordance with Art. 18 GDPR, to request the restriction of the processing of your data, insofar as the accuracy of the data is disputed by you or the processing is unlawful;
- pursuant to Art. 20 GDPR, to receive your data that you have provided to us in a structured, common and machine-readable format or to request the transfer to another controller ("data portability");

- **object to the processing in accordance with Art. 21 GDPR, provided that the processing is based on Art. 6 (1) lit. e or lit. f GDPR. This is particularly the case if the processing is not necessary for the performance of a contract with you. Unless it is an objection to direct marketing, when exercising such an objection, we ask you to explain the reasons why we should not process your data as we have done. In the event of your justified objection, we will examine the merits of the case and either discontinue or adapt the data processing or show you our compelling legitimate grounds on the basis of which we will continue the processing;**
- in accordance with Art. 7 (3) of the GDPR, to revoke your consent given once (also before the GDPR came into force, i.e. before 25.5.2018) - i.e. your voluntary will, made understandable in an informed manner and unambiguously by means of a declaration or other unambiguous confirming act, that you agree to the processing of the personal data in question for one or more specific purposes - at any time vis-à-vis us, if you have given such consent. The consequence of this is that we may no longer continue the data processing based on this consent in the future, and
- complain to a data protection supervisory authority about the processing of your personal data in our company in accordance with Art. 77 GDPR, for example to the data protection supervisory authority responsible for us:

Berlin Commissioner for Data Protection and Freedom of Information, Alt-Moabit 59-61, 10555 Berlin (Germany) E-Mail: mailbox@datenschutz-berlin.de

(13) Changes to the privacy policy

In the context of the further development of data protection law as well as technological or organisational changes, our privacy policy is regularly checked for the need to adapt or supplement it. You will be informed of any changes on our website. This data protection notice is valid as of June 2025.

B. Visiting websites

(1) Explanation of function

Information about the ULLA Summer School 2026, our company and the services offered by us in the context of the Summer School can be obtained in particular at <https://ulla-summer-26.sciencesconf.org/>

together with the associated sub-pages as well as our company's website (hereinafter collectively referred to as "websites"). When you visit these websites, personal data may be processed.

(2) Processed personal data

During the informational use of the Websites, the following categories of personal data are collected, stored and processed by us:

"Log data": When you visit our websites, a so-called protocol data record (so-called server log files) is stored temporarily and anonymously on our web server. This consists of:

- the page from which the page was requested (so-called referrer URL)
- the name and URL of the requested page

- the date and time of the request
- the description of the type, language and version of the web browser used
- the IP address of the requesting computer, which is shortened so that a personal reference can no longer be established
- the amount of data transferred
- the operating system
- the message as to whether the request was successful (access status/http status code)
- the GMT time zone difference

"Participant data": In order to participate in the event, you must register via the registration form. In doing so, the submitted data will be processed (e.g., gender, surname and first name, title, nationality, address, institution/company, e-mail address, field of research or activity, payment data such as account or credit card details). If you participate in the event as a speaker, by submitting an abstract or in any other function, additional data will be processed (e.g., data on your status as an author, memberships in scientific professional associations, publication data).

"Accommodation data": If you enquire about or book an accommodation via our websites, the data transmitted in the process will be processed (e.g. surname and first name, title, email address, billing address, billing data such as account or credit card data).

"Billing data": If you order or use chargeable services from us, the data transmitted in the process will be processed (billing data such as account or credit card data).

"Contact data": If you use the e-mail addresses provided to contact us, the data thereby transmitted will be processed (at least e-mail address and the time of transmission, in addition, depending on the information provided, for example, surname and first name, address, institution/company).

"Newsletter data": In addition to the purely informational use of our websites, we offer the subscription to our newsletter. If you subscribe to our newsletter, the following "newsletter data" will be collected, stored and processed by us:

- the page from which the page was requested (so-called referrer URL)
- the date and time of the request
- the description of the type of web browser used
- the IP address of the requesting computer, which is shortened in such a way that a personal reference can no longer be established
- the e-mail address
- the date and time of registration and confirmation.

We would like to point out that we evaluate your user behaviour when sending the newsletter. For this evaluation, the e-mails sent contain so-called web beacons or tracking pixels, which are single-pixel image files stored on our website. For the evaluations, we link the aforementioned data and the web beacons with your e-mail address and an individual ID. Links contained in the newsletter also contain this ID. The data is only collected pseudonymously, i.e. the IDs are not linked to your other personal data, a direct personal reference is excluded.

(3) Purpose and legal basis of data processing

We process the personal data described in more detail above in accordance with the provisions of the GDPR, the other relevant data protection regulations and only to the extent necessary. Insofar as the

processing of personal data is based on Art. 6 (1) lit. f GDPR, the aforementioned purposes also represent our legitimate interests.

- The processing of log data serves statistical purposes and the improvement of the quality of our website, in particular the stability and security of the connection (legal basis is Art. 6 (1) lit. f GDPR).
- Participant data is processed for the purpose of fulfilling the contract for participation in the event concluded upon registration (legal basis is Art. 6 (1) lit. b GDPR). Any processing of special categories of personal data will only be carried out within the narrow limits of Art. 9 GDPR (e.g. health data, biometric data, origin data). Participant data will only be processed for advertising and marketing purposes if you have consented to the processing or if the processing is necessary to protect our legitimate (in particular legal or economic) interests, unless your conflicting interests or rights prevail (legal basis is Art. 6 (1) lit. a or lit. f GDPR; in case of Art. 6 (1) lit. a GDPR you can revoke your consent to the respective data processing at any time by e-mail to ulla2026-registrationandhotel@kit-group.org).
- The processing of accommodation data takes place in preparation for and for the performance of the accommodation contract (legal basis is Art. 6 (1) lit. b or lit. f GDPR).
- Billing data is processed in the context of billing for services ordered or used for a fee (legal basis is Art. 6 (1) lit. b GDPR).
- Contact data is processed for the purpose of handling contact and customer enquiries (legal basis is Art. 6 (1) lit. b or lit. f GDPR).

Newsletter data is processed for the purpose of sending the newsletter. When registering for our newsletter, you consent to the processing of your personal data (legal basis is Art. 6 (1) lit. a GDPR). We use the so-called double opt-in procedure to register for our newsletter. This means that after your registration, we will send you an e-mail to the e-mail address you provided in which we ask you to confirm that you wish to receive the newsletter. The purpose of this procedure is to verify your registration and, if necessary, to be able to clarify any possible misuse of your personal data. You can revoke your consent to receive the newsletter at any time and unsubscribe from the newsletter. You can declare the revocation by clicking on the link provided in every newsletter e-mail, by e-mail to ulla2026-registrationandhotel@kit-group.org or by sending a message to the contact details given under section A. (2) above).

(4) Duration of data processing

Your data will only be processed for as long as is necessary to achieve the above-mentioned processing purposes; the legal bases stated in the context of the processing purposes apply accordingly. With regard to the use and storage duration of cookies, please refer to point A.(5) as well as the Cookie Policy under section C.

Third parties used by us will store your data on their system for as long as is necessary in connection with the provision of services for us in accordance with the respective order.

For more details on the storage period, please refer to A.(5) and the Cookie Policy in section C.

(5) Transfer of personal data to third parties; justification basis

The following categories of recipients, which are usually order processors (see A.(7)), may receive access to your personal data:

- Service providers for the operation of our website and the processing of data stored or transmitted by the systems (e.g., for data centre services, payment processing, IT security). The legal basis for the transfer is then Art. 6 (1) lit. b or lit. f GDPR, insofar as these are not order processors;
- Government agencies/authorities, insofar as this is necessary for the fulfilment of a legal obligation. The legal basis for the transfer is then Art. 6 (1) lit. c GDPR;
- Certification bodies which, if applicable and applied for, award the corresponding Continuing Medical Education credits (CME Credits). The legal basis for the transfer is then Art. 6 (1) lit. b GDPR;
- Persons employed to carry out our business operations (e.g., auditors, banks, insurance companies, legal advisors, supervisory authorities, parties involved in company acquisitions or the establishment of joint ventures). The legal basis for the disclosure is then Art. 6 (1) lit. b or lit. f GDPR.
- Service providers for the organisation and implementation of the event and the processing of the transmitted data required for this purpose (e.g., operators of the event venue, logistics and security companies, technical service providers, speaker and abstract submission services, accommodation and transport companies, catering services, etc.). The legal basis for the transfer is Art. 6 (1) lit. b or lit. f GDPR, insofar as it does not involve order processors.

For guarantees of an adequate level of data protection in the event of data being passed on to third countries, see A.(8).

Furthermore, we will only pass on your personal data to third parties if you have given your express consent to do so in accordance with Art. 6 (1) lit. a GDPR.

Any use of cookies that is not absolutely technically necessary constitutes data processing that is only permitted with your explicit and active consent pursuant to Art. 6 (1) lit. a GDPR. This applies in particular to the use of advertising, targeting or sharing cookies.
