- If the processing of your personal data was/is conducted in an unlawful manner, you have the option to demand the restriction of the processing of your data instead of demanding the eradication of this data.
- If we do not need your personal data any longer and you need it to exercise, defend or claim legal entitlements, you have the right to demand the restriction of the processing of your personal data instead of its eradication.
- If you have raised an objection pursuant to Art. 21(1) GDPR, your rights and our rights will have to be weighed against each other. As long as it has not been determined whose interests prevail, you have the right to demand a restriction of the processing of your personal data.

SSL and/or TLS encryption

For security reasons and to protect the transmission of confidential content, such as purchase orders or inquiries you submit to us as the website operator, this website uses either an SSL or a TLS encryption program. You can recognize an encrypted connection by checking whether the address line of the browser switches from “http://” to “https://” and also by the appearance of the lock icon in the browser line.

If the communication with us is encrypted, third parties will not be able to read the payment information you share with us.

We herewith object to the use of contact information published in conjunction with the mandatory information to be provided in our Site Notice to send us promotional and information material that we have not expressly requested. The operators of this website and its pages reserve the express right to take legal action in the event of the unsolicited sending of promotional information, for instance via SPAM messages.

4. Recording of data on this website

Cookies used on the website

On the sub-websites for registering for the event and its services ("profile pages"), only so-called session cookies ("session cookies") are regularly used.

Session cookies are used by a server to store information about activities on our pages so that you, as a user, can simply continue at the point where you last used the pages. Typically, pages have no "memory". Cookies tell the server which pages to show you so you do not have to remember or navigate from the beginning. Cookies are therefore a kind of bookmark within our pages.

The following session cookie is used when using the profile pages:

- a) Designation: JSESSIONID
- b) Aim and purpose: The session cookie identifies you as a visitor between different pages and stores specific properties and settings regarding the display of teasers and the like.
- c) Retention period: The session cookie is automatically deleted after you leave the profile pages.

Registration on this website

You have the option to register on this website to be able to use additional website functions. We shall use the data you enter only for the purpose of using the respective offer or service you have registered for. The required information we request at the time of registration must be entered in full. Otherwise, we shall reject the registration.

To notify you of any important changes to the scope of our portfolio or in the event of technical modifications, we shall use the e-mail address provided during the registration process.

We shall process the data entered during the registration process on the basis of your consent (Art. 6(1)(a) GDPR).

The data recorded during the registration process shall be stored by us as long as you are registered on this website. Subsequently, such data shall be deleted. This shall be without prejudice to mandatory statutory retention obligations.

5. eCommerce and payment service providers

The legal basis for these processes is Art. 6(1)(b) GDPR.

The collected customer data shall be deleted upon completion of the order or termination of the business relationship and upon expiration of any existing statutory archiving periods. This shall be without prejudice to any statutory archiving periods.
